GOH Vital Pack

Prebiotics & probiotics – for optimal wellbeing
Prebiotics are non-digestible foods that help beneficial bacteria grow and flourish. Expressed simply, prebiotics are the "food" for beneficial bacteria – also called probiotics. For optimal well being, a healthy combination of prebiotics and probiotics in your diet is necessary.

GOH Vital Pack
2 x Vital Energy™ + 2 x Active Colostrum+
Product no. 1889 (2 x 500 ml + 2 x 60 tablets)
Preferred Customer Price: €79 / £59

The offer is valid 15-31/1 2010

Active Colostrum+ Organically produced prebiotic

New Active Colostrum+ is a beneficial prebiotic that now contains more colostrum and more lactoferrin. The tasty tablets can be either chewed or swallowed and the pack now contains 60 tablets instead of 30 capsules. New recommended dosage is 1-2 tablets/day, so a pack of New Active Colostrum+ could now last up to 2 months.

Colostrum used in Active Colostrum+ is produced organically, and comes from Swedish cows. We hope you will appreciate our improved Active Colostrum+ product!
