

Prepare your skin for summer – with Spirulina!

Did you know that several scientific studies suggest that beta-carotene may modify sunburn damage? Spirulina has a high natural content of beta-carotene, several times higher than that found in carrots. This makes Spirulina an excellent “summer food”, when used to supplement your daily diet of nutritious foods!

Lena Åkerman

Spirulina Tablets

Spirulina Tablets are made of pure Spirulina powder. Spirulina is a filamentous blue-green alga that is a very important contribution to the human diet due to its overall nutritional qualities.

Benefits

- Rich source of phyto nutrients that are highly beneficial to your health.
- Good source of vitamin B12

Active-H 60 capsules

"Hydrogen is the fuel of life", said Dr. Albert Szent-Gyorgyi, Nobel Prize Winner and discoverer of Vitamin C. Taking inspiration from this, we now present to you the newly formulated Active-H™, in vegetarian capsules, with magnesium hydrogen carbonate – a real revolution in nutritional food supplements. The improved formula makes Active-H™ an important source of magnesium, a mineral often in short supply in our bodies but which is crucial to our health.
